Attn. FOIA Officer George Thuronyi, Deputy Director for this [petition published at https://www.miguelgallardo.es/foia-dmca-petition.pdf](https://www.miguelgallardo.es/foia-dmca-petition.pdf)

Dr. Eng. Miguel Ángel Gallardo Ortiz PhD, from Madrid, Spain, member of [IAENG](https://www.iaeng.org/) representing APEDANICA, and as the sole owner of the Internet domains [cita.es](http://www.cita.es) and [miguelgallardo.es](http://www.miguelgallardo.es) considering your letter published at <https://cita.es/foia-dmca-reply.pdf> (FOIA Docket No. 22-2023) that says: *As such, we are now reaching out to narrow the scope of your request, which may speed up the processing time. In particular, please provide the office with a reasonable time frame for your search. Based on your response, we will continue our search and also be able to estimate approximately how many weeks or months it will take to process your request.*

1° We found very relevant information that explains some problems and serious dangers in Spain concerning the relevant data cover-up by Google against [Universal Declaration of Human Rights - the United Nations](https://www.unhcr.org/refugees/article/19) Article 19 *Everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers* and [Convention against Corruption - UNODC](https://www.unodc.org/).

2° From APEDANICA we have already sent to <https://cita.es/lumendatabase-google> **Lumen** (The Berkman Klein Center for Internet & Society) and **Google Request published at <http://www.miguelgallardo.es/lumendatabase-google.pdf>** attaching a very serious claim because we identified that some of the censored documents are relevant to Spanish politics. We explained the risk of a digital cover-up **to the national authority Junta Electoral Central (JEC)**. The president of JEC asked us to contact Google and the Madrid Municipal Government ([Ayuntamiento de Madrid](https://www.ayuntamiento.es/)) to explain **why Google has censored so many links without providing any justification or any relevant data to Lumendatabase.org** Unfortunately, we have no reply from Lumen or Google at the moment. We also **complaint against Ayuntamiento de Madrid covering-up as you can see at [escrito publicado en https://www.miguelgallardo.es/ayuntamiento-responsabilidad-tramite.pdf](https://www.miguelgallardo.es/ayuntamiento-responsabilidad-tramite.pdf)**

3° The Spanish Authority (Agencia Española de Protección de Datos AEPD) forbids Google and Lumendatabase.org to publish any relevant information about any censorship or covering-up by Google. We suspect **secret societies related to organized crime** are using complex systems to hide evidence with the support of Mar España Martí's official decisions (which we consider illegal) **<https://www.aepd.es/es/documento/ps-00140-2020.pdf>**

[www.aepd.es/es/documento/reposicion-e-05143-2016b.pdf](http://www.aepd.es/es/documento/reposicion-e-05143-2016b.pdf) [www.aepd.es/es/documento/reposicion-e-05143-2016c.pdf](http://www.aepd.es/es/documento/reposicion-e-05143-2016c.pdf)

APEDANICA would be grateful for any information, reference, or URL link that could be used to file a complaint against any AEPD's cover-up. Please feel free to forward a copy of this PDF to anyone you deem appropriate and do not hesitate to contact me if there is anything I can do to assist you in providing relevant information about illegal cover-ups in Spanish-speaking countries.

Dr. Ing. Miguel Ángel Gallardo Ortiz PhD, from Madrid, Spain, representing APEDANICA, and as the sole owner of the Internet domains [miguelgallardo.es](http://miguelgallardo.es) and [cita.es](http://cita.es), I am requesting on behalf of all individuals who have been affected by illegal censorship through fake DMCA Copyright Infringement complaints. The purpose is to obtain any information or records related to:

**1°** Any data or reference known by U.S. Copyright Office concerning any DMCA Copyright Infringement Complaint in any record or file under FOIA **related with Internet domains [cita.es](http://cita.es) or [miguelgallardo.es](http://miguelgallardo.es) owned by me.**

**2°** Any data or reference known to the U.S. Copyright Office regarding any DMCA Copyright Infringement Complaint in any record or file under FOIA **related to “Kuailian” or “Kuailian App” or any business associated with Kuailian managers** such as Cristian Albeiro CARMONA HERNÁNDEZ and David Aurelio RUIZ DE LEÓN GARCÍA VAO mentioned in the document published (and censored) at <https://cita.es/auto/kualian-abu-dabi.pdf>

In order to explain our interest in both points, please read the notice of DMCA Copyright Infringement Complaint that was already sent to me and published at <https://cita.es/kuailian-dmca.pdf> and more DMCA censored links about Kuailian at <https://cita.es/censura-kuailian-google.pdf> <https://cita.es/cristian-albeiro.pdf> <https://cita.es/cristian-albeiro-2.pdf> <https://cita.es/david-ruiz-de-leon-google.pdf>

We need any relevant information related with **1°** and **2°** in order to sue anyone who is illegally censoring any link on [cita.es](http://cita.es) or [miguelgallardo.es](http://miguelgallardo.es) and about Kuailian cover-up, we ask any official, public prosecutor, or judge who is aware of this issue to investigate any evidence of illegal censorship beyond our own data. In our opinion, Kuailian abuse of DMCA Copyright Infringement Complaints is a very clear case of cover-up in an international fraud as we already explained to the highest Spanish Judiciary Authority as published at
